One Day Decisions links with National Association for the Self-Employed.

In their pursuit to help their thousands of their self-employed, small and micro-business members run profitable, cost-efficient business enterprises, the National Association for the Self-Employed (NASE) has become affiliated with [One Day Decisions](#), the fastest way to settle without court, collections or credit damage.

“One Day Decisions is exactly the solution that NASE members should have at their disposal,” offers Ricky Frankel, co-creator and COO of [One Day Decisions](#). “Nobody should have to burn time or money on courts, lawyers or collections. Now we can help thousands of NASE members across the country avoid all that, freeing them up to make money instead of wasting it.”

[One Day Decisions](#) is *not* a mediation, arbitration or a collection agency. It is *not* an adjudication service. It’s a *settlement* service for people who want to end their disputes inexpensively, in as little as one day, from the comfort of their home. Both parties can sign up for free and invite the opposing party to settle by using [OneDayDecisions](#). After both parties agree to participate and pay a low, onetime, nonrefundable fee, they are notified securely by e-mail up to three times to agree to a negotiated settlement agreement. Once an agreement is reached, the defendant pays the agreed amount by credit card through the website and the plaintiff receive his/her check in the mail in 7-10 business days.

[NASE](#) is a central resource dedicated to helping the millions of American self-employed, small and micro-businesses save costs on business and insurance services. For more information on [NASE](#), visit the [NASE](#) website, <http://www.NASE.org>.
